On race day, Sunday, you'll benefit from an excellent view in the middle of Canada Pavillion's chicane when seated on grandstand Bronze 33. Here you'll see cars arriving from corner number 4 and then going through the corners number 5, 6 and 7.

Corner number 5 is a very open one, a bit parabolic and therefore a pretty fast section.

It allows you to enjoy fully the amazing technical specs of Formula 1 cars in action.

Pretty similar to grandstand Bronze 31, but with a shorter very fast section but more corners.

This Silver grandstand is located in the West section of the track, a few hundreds of meters away from the starting line (and the pit-lane). The view to the corner on the right, Senna, is a very famous highlight of the Formula 1 World Championship, usually generous with action, followed by the straight line. Be part of the legend on the Gilles-Villeneuve track at least once in your life with these Silver tickets for Canada Grand Prix!
